Out-of-area visits

Full day | out-of-area | \$1,000/day + travel expenses

Kaela only accepts daily rates for out-of-area travel. For each day, you will get up to 3 presentations, up to three book signings for said presentations (as desired), and a special 30 min. Q&A session to be used as desired during the school day (special student lunch, faculty lunch, book club, etc.).

*Evening events are an additional \$300.

How are expenses calculated?

Flight/mileage

If your school is within reasonable driving distance, Kaela calculates the mileage price using the government-recommended \$0.62/mile. If your school location isn't driveable, Kaela selects the best value flight. If multiple schools are sharing cost, mileage between schools will be calculated in.

Accommodations

Unfortunately, Kaela is not a vampire and does require sleep (alas). This is the price of the hotel, B&B, AirBnB, etc., required to house her safely during the night.

Transport

Any uber, Lyft, or rental cars required to get Kaela from point A to B while she's staying in your area. (In case of emergencies, Kaela would love a backup from your school who is able to drive her, but due to coordination issues and to respect educators' time, she will always try to have a vehicle while visiting.)

Food

If only Kaela was a vampire and could subsist on the energy of the unseen forces. But with no such luck, she calculates food budget based on your state's per diem rate.

**Kaela is keenly aware of school budget restrictions and will always do her best to give you an honorable deal. No lavishness on your dime.*
